

Board of Directors, Finance, Audit and Compensation Committee and Management
Christel House International, Inc. and Affiliates
Indianapolis, Indiana

As part of our audit of the combined and consolidated financial statements of Christel House International, Inc. (CHI) and Affiliates (collectively known as “Christel House”) as of and for the year ended December 31, 2016, we wish to communicate the following to you.

AUDIT SCOPE AND RESULTS

Auditor’s Responsibility Under Auditing Standards Generally Accepted in the United States of America

An audit performed in accordance with auditing standards generally accepted in the United States of America is designed to obtain reasonable, rather than absolute, assurance about the consolidated financial statements. In performing auditing procedures, we establish scopes of audit tests in relation to the financial statements taken as a whole. Our engagement does not include a detailed audit of every transaction. Our engagement letter more specifically describes our responsibilities.

These standards require communication of significant matters related to the consolidated financial statement audit that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. Such matters are communicated in the remainder of this letter or have previously been communicated during other phases of the audit. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.

An audit of the combined and consolidated financial statements does not relieve management or those charged with governance of their responsibilities. Our engagement letter more specifically describes your responsibilities.

Qualitative Aspects of Significant Accounting Policies and Practices

Significant Accounting Policies

Christel House’s significant accounting policies are described in Note 1 of the audited combined and consolidated financial statements.

Alternative Accounting Treatments

No matters are reportable.

Management Judgments and Accounting Estimates

Accounting estimates are an integral part of financial statement preparation by management, based on its judgments. The following areas involve significant estimates for which we are prepared to discuss management's estimation process and our procedures for testing the reasonableness of those estimates:

- The fair value of investments
- The estimated useful lives of property and equipment and rental property
- The allocation of functional expenses

Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- Fair value disclosure
- Principles of combination and consolidation
- Related parties
- Subsequent events

Audit Adjustments

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments which, in its judgment, are required to prevent the combined and consolidated financial statements from being materially misstated.

Attached is an uncorrected misstatement we identified during the current engagement and pertaining to the latest period presented that was determined by management to be immaterial to the combined and consolidated financial statements as a whole.

Auditor's Judgments About the Quality of the Entity's Accounting Principles

During the course of the audit, we made the following observations regarding Christel House's application of accounting principles:

- No matters are reportable

Other Material Written Communications

The only other material written communication between management and us related to the audit is the management representation letter, a copy of which is attached.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the combined and consolidated financial statements of Christel House as of and for the year ended December 31, 2016, in accordance with auditing standards generally accepted in the United States of America, we considered Christel House's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the combined and consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Christel House's internal control. Accordingly, we do not express an opinion on the effectiveness of Christel House's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements of the Christel House's combined and consolidated financial statements on a timely basis. A deficiency in design exists when a control necessary to meet a control objective is missing or an existing control is not properly designed so that, even if the control operates as designed, a control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of Christel House's combined and consolidated financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal controls that might be deficiencies, significant deficiencies or material weaknesses. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above. Material weaknesses may exist that have not been identified.

FUTURE ACCOUNTING CONSIDERATIONS

FASB Releases Not-for-Profit Accounting Standard for Financial Reporting

On August 18, 2016, the Financial Accounting Standards Board (FASB) released Accounting Standards Update (ASU) 2016-14, which is the first of a two-part standard marking the largest change to not-for-profit financial reporting in 20 years.

The ASU changes requirements for financial statements and notes of all not-for-profit entities. The effective date is for fiscal years beginning after December 15, 2017 (i.e. Christel House's December 31, 2018 fiscal year). Early adoption is permitted and should be applied on a retrospective basis; however, organizations have the option in the year adopted to omit certain disclosures shown in comparative financials.

A summary of the changes by financial statement area is as follows:

Statement of financial position:

- The statement of financial position will distinguish between two new classes of net assets those with donor-imposed restrictions and those without. The ASU retains the current requirements to provide information on the nature and amount of different types of donor restrictions in the notes to the financial statements.
- Underwater donor-restricted endowment funds are to be shown within the donor-restricted fund class. This is a change from the previously required classification as unrestricted.

Statement of activities:

- The standard requires organizations to report expenses by both nature and function, either on the face of the statement of activities, as a separate statement or within the notes.
- Organizations are required to use the placed-in-service approach for reporting expirations of restrictions on gifts of cash or other assets to be used to acquire or construct a long-lived asset, in the absence of explicit donor stipulations. This eliminates the option to release the donor-imposed restriction over the estimated useful life of the acquired asset.
- Investment income will be shown net of external and direct internal investment expenses. There is no longer a requirement to include a disclosure of those netted expenses.

Statement of cash flows:

- An organization can continue to choose to use either the indirect or direct method of reporting to present operating cash flows. If the direct method is used, there is no longer a requirement to present or disclose cash flows using the indirect (reconciliation) method.

Notes to the financial statements:

- FASB requires enhanced quantitative and qualitative disclosures to provide additional information useful in assessing liquidity and cash flows, including a description of the time horizon used to manage its liquidity and near-term availability and demands for cash as of the reporting date.
- Provide disclosures on amounts and purposes of governing board or self-imposed designations and appropriations as of the end of the period.

The second part of the project remains in a redeliberation period and includes other proposed changes that involve consideration of alternatives suggested by stakeholders the board did not previously consider or are related to similar issues being addressed in other projects. FASB has not posted an estimated completion date for the second workstream, which includes:

- Statement of cash flows - realignment of certain line items
- Operating measures - all other elements of the proposal

FASB Issues New Lease Accounting Standard

On February 25, 2016, FASB issued Accounting Standards Update (ASU) 2016-02, *Leases (Topic 842)*, the long-awaited new standard on lease accounting.

Under the new ASU, lessees will recognize lease assets and liabilities on their balance sheet for all leases with terms of more than 12 months. The new lessee accounting model retains two types of leases, and is consistent with the lessee accounting model under existing GAAP. One type of lease (finance leases) will be accounted for in substantially the same manner as capital leases are accounted for today. The other type of lease (operating leases) will be accounted for (both in the income statement and statement of cash flows) in a manner consistent with today's operating leases. Lessor accounting under the new standard is fundamentally consistent with existing GAAP. Lessees and lessors would be required to provide additional qualitative and quantitative disclosures to help financial statement users assess the amount, timing, and uncertainty of cash flows arising from leases. These disclosures are intended to supplement the amounts recorded in the financial statements so that users can understand more about the nature of an organization's leasing activities. For public business entities, the final leases standard will be effective for fiscal years beginning after December 15, 2018 including interim periods within those fiscal years. For all other entities, the final leases standard will be effective for fiscal years beginning after December 15, 2019 and interim periods thereafter. Early application is permitted.

FASB Issues New Revenue Recognition Standard

The model for revenue recognition is changing with FASB's release on May 28, 2014, of ASU 2014-09, *Revenue from Contracts with Customers* (the ASU). Since 2008, the Financial Accounting Standards Board (FASB) and the International Accounting Standards Board (IASB) have been working jointly on developing a single principles-based model for recognizing revenue. The goal of the final standard is to improve consistency of requirements, comparability of revenue recognition practices and usefulness of disclosures.

The ASU applies to all contracts with customers, other than those within the scope of other standards, such as leases, insurance, financing arrangements, financial instruments and guarantees (other than product or service warranties). The ASU does not apply to other parties to a contract who are not customers.

The core principle of the new model is that an entity would recognize revenue as it transfers goods or services to customers in an amount that reflects the consideration it expects to receive. In order to achieve that core principle, an entity would apply a five-step model.

The five-step application is as follows:

- Step 1: Identify the contract with a customer
- Step 2: Identify the separate performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the separate performance obligations in the contract
- Step 5: Recognize revenue when (or as) performance obligations are satisfied

Outlined below are the significant changes to expect from the new revenue recognition standard.

Under the Current Guidance

1. There are several requirements for recognizing revenue, including many that are industry-specific.
2. Most companies provide little disclosure information about revenue contracts; disclosures usually relate to accounting policies and segment reporting.
3. Some goods or services promised to a customer in a contract might represent separate obligations to the customer but could be determined to not be distinct revenue generating transactions.
4. In a multiple deliverable arrangement, the amount of consideration allocated to a delivered item is limited to the amount that is not contingent on the future delivery of goods or services.
5. Accounting for variable consideration varies from industry to industry.

Under the New Guidance

1. There will be consistent principles, regardless of industry, for recognizing revenue.
2. There is now a cohesive set of disclosure requirements. These disclosures will provide users of the financial statements with quantitative and qualitative information regarding revenue recognition policies and how they are applied.
3. Organizations will need to go through the five-step process outlined above.
4. Organizations will determine the transaction price. The transaction price will then be allocated to each performance obligation, except when a discount or some sort of variable consideration can be attributed entirely to one or more performance obligations in the contract.
5. Variable consideration will be included in the transaction price as long as it is deemed probable that a significant reversal of revenue will not occur. The new model includes consideration for various types of variable consideration, such as rebates, discounts bonuses or a right of return.

Entities can apply the new standard using either the full retrospective method—including the optional application of certain practical expedients—or use an alternative transition method. The alternative transition method requires an entity to apply the new guidance only to contracts in process under legacy U.S. generally accepted accounting principles (GAAP) at the date of initial application and recognize the cumulative effect of adoption as an adjustment to the opening balance of retained earnings in the year of initial application. An entity choosing to apply the alternative transition method would not restate comparative years, but it would be required to provide additional disclosures in the initial year of adoption.

For public business entities, not-for-profit entities that have issued, or is a conduit bond obligor for, securities that are traded, listed or quoted on an exchange or an over-the-counter market, and employee benefit plans that file financial statements within the U.S. Securities and Exchange Commission, the standard will be effective for annual reporting periods beginning on or after December 15, 2017, including interim reporting periods therein. For all other entities, the standard will be effective for annual reporting periods beginning on or after December 15, 2018, and interim and annual reporting periods thereafter. Early application is permitted only as of annual reporting periods beginning after December 15, 2016, including interim reporting periods within that period.

This communication is intended solely for the information and use of management, the Board of Directors; the Audit, Finance and Compensation Committee and others within the organization and is not intended to be and should not be used by anyone other than these specified parties.

Transforming Lives

September 12, 2017

BKD, LLP
Certified Public Accountants
201 North Illinois Street, Suite 700
Indianapolis, Indiana 46204

We are providing this letter in connection with your audits of our combined and consolidated financial statements as of and for the years ended December 31, 2016 and 2015. We confirm that we are responsible for the fair presentation of the combined and consolidated financial statements in conformity with accounting principles generally accepted in the United States of America. We are also responsible for adopting sound accounting policies, establishing and maintaining effective internal control over financial reporting, operations and compliance, and preventing and detecting fraud.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, the following:

1. We have fulfilled our responsibilities, as set out in the terms of our engagement letter dated October 25, 2016, for the preparation and fair presentation of the combined and consolidated financial statements in accordance with accounting principles generally accepted in the United States of America.
2. We acknowledge our responsibility for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
3. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.
4. We have reviewed and approved a draft of the financial statements and related notes referred to above. We acknowledge that we are responsible for the fair presentation of the financial statements and related notes.

5. We have provided you with:
 - (a) Access to all information of which we are aware that is relevant to the preparation and fair presentation of the combined and consolidated financial statements such as records, documentation and other matters.
 - (b) Additional information that you have requested from us for the purpose of the audit.
 - (c) Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
 - (d) All minutes of directors' meetings held through the date of this letter.
 - (e) All significant contracts and grants.
6. All transactions have been recorded in the accounting records and are reflected in the combined and consolidated financial statements.
7. We have informed you of all current risks of a material amount that are not adequately prevented or detected by Organization procedures with respect to:
 - (a) Misappropriation of assets.
 - (b) Misrepresented or misstated assets, liabilities or net assets.
8. We believe the effects of the uncorrected financial statement misstatements summarized in the attached schedule are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.
9. We have no knowledge of any known or suspected:
 - (a) Fraudulent financial reporting or misappropriation of assets involving management or employees who have significant roles in internal control.
 - (b) Fraudulent financial reporting or misappropriation of assets involving others that could have a material effect on the combined and consolidated financial statements.
10. We have no knowledge of any allegations of fraud or suspected fraud affecting the Organization received in communications from employees, customers, regulators, suppliers or others.
11. We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America. We understand that the term related party refers to an affiliate;

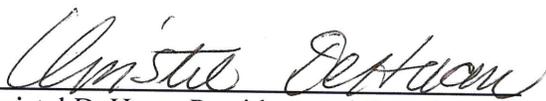

management, and members of their immediate families, subsidiaries accounted for by the equity method; and any other party with which the Organization may deal if the Organization can significantly influence, or be influenced by, the management or operating policies of the other. The term affiliate refers to a party that directly or indirectly controls, or is controlled by, or is under common control with, the Organization.

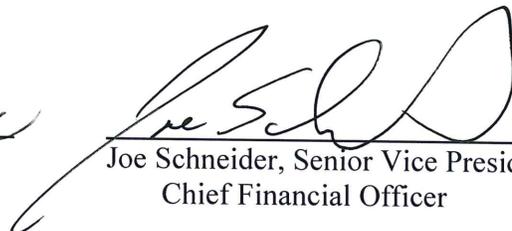

12. Except as reflected in the combined and consolidated financial statements, there are no:
 - (a) Plans or intentions that may materially affect carrying values or classifications of assets and liabilities.
 - (b) Material transactions omitted or improperly recorded in the financial records.
 - (c) Material gain/loss contingencies requiring accrual or disclosure, including those arising from environmental remediation obligations.
 - (d) Events occurring subsequent to the statement of financial position date through the date of this letter requiring adjustment or disclosure in the combined and consolidated financial statements.
 - (e) Agreements to purchase assets previously sold.
 - (f) Restrictions on cash balances or compensating balance agreements.
 - (g) Guarantees, whether written or oral, under which the Organization is contingently liable.
13. We have disclosed to you all known instances of noncompliance or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements.
14. We have no reason to believe the Organization owes any penalties or payments under the Employer Shared Responsibility Provisions of the Patient Protection and Affordable Care Act nor have we received any correspondence from the IRS or other agencies indicating such payments may be due.
15. We are not aware of any pending or threatened litigation or claims whose effects should be considered when preparing the financial statements. We have not sought or received attorney's services related to pending or threatened litigation or claims during or subsequent to the audit period. Also, we are not aware of any litigation or claims, pending or threatened, for which legal counsel should be sought.

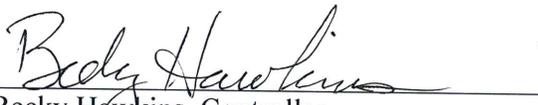

16. Adequate provisions and allowances have been accrued for any material losses from:
 - (a) Uncollectible receivables, including pledges.
 - (b) Purchase commitments in excess of normal requirements or above prevailing market prices.
17. Except as disclosed in the combined and consolidated financial statements, the Organization has:
 - (a) Satisfactory title to all recorded assets, and they are not subject to any liens, pledges or other encumbrances.
 - (b) Complied with all aspects of contractual and grant agreements, for which noncompliance would materially affect the combined and consolidated financial statements.
18. The combined and consolidated financial statements disclose all significant estimates and material concentrations known to us. Significant estimates are estimates at the statement of financial position date which could change materially within the next year. Concentrations refer to volumes of business, revenues, available sources of supply, or markets for which events could occur which would significantly disrupt normal finances within the next year. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.
19. The fair values of financial and nonfinancial assets and liabilities, if any, recognized in the combined and consolidated financial statements or disclosed in the notes thereto are reasonable estimates based on the methods and assumptions used. The methods and significant assumptions used result in measurements of fair value appropriate for financial statement recognition and disclosure purposes and have been applied consistently from period to period, taking into account any changes in circumstances. The significant assumptions appropriately reflect market participant assumptions.
20. We have not been designated as a potentially responsible party (PRP or equivalent status) by the Environmental Protection Agency (EPA) or other cognizant regulatory agency with authority to enforce environmental laws and regulations.
21. We have notified you of any instances of noncompliance with applicable disclosure requirements of the SEC Rule 15c2-12 and applicable state laws.

22. With respect to any nonattest services you have provided us during the year, including typing the combined and consolidated financial statements:
 - (a) We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.
 - (b) We have established and monitored the performance of the nonattest services to ensure that they meet our objectives.
 - (c) We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.
 - (d) We have evaluated the adequacy of the services performed and any findings that resulted.
23. We are an organization exempt from income tax under Section 501(c) of the Internal Revenue Code and a similar provision of state law and, except as disclosed in the financial statements, there are no activities that would jeopardize our tax-exempt status or subject us to income tax on unrelated business income or excise tax on prohibited transactions and events.
24. We have identified to you any activities conducted having both fund raising and program or management and general components (joint activities) and have allocated the costs of any joint activities in accordance with the provisions of FASB ASC 958-720-45.
25. With regard to supplementary information:
 - (a) We acknowledge our responsibility for the presentation of the supplementary information in accordance with the applicable criteria.
 - (b) We believe the supplementary information is fairly presented, both in form and content, in accordance with the applicable criteria.
 - (c) The methods of measurement and presentation of the supplementary information are unchanged from those used in the prior period.
 - (d) We believe the significant assumptions or interpretations underlying the measurement and/or presentation of the supplementary information are reasonable and appropriate.
 - (e) If the supplementary information is not presented with the audited financial statements, we acknowledge we will make the audited financial statements readily available to intended users of the supplementary information no later than the date such information and the related auditor's report are issued.

26. We agree with the classification and release of net assets as reflected in the combined and consolidated financial statements. In particular, the temporarily restricted net assets provided by Endless Success Foundation and the Founder for the future operations are restricted by time and purpose, and are fairly stated. On an annual basis, net assets used in operations are released to cover management and general expenses, fundraising expenses and any shortfall between outside contributions received and program service expenses. The total amount of these contributions released in 2016 for operations was \$5,080,010 and the ending balance of the Founder's temporarily restricted contributions for operations is \$30,428,504.
27. We have evaluated whether there are conditions or events known or reasonably knowable, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern within one year of the date of this letter without consideration of potential mitigating effects of management's plans not yet fully implemented and concluded substantial doubt does not exist.
28. We represent that the Series 2015 bonds are a private placement with restrictions on the purchaser's ability to sell and, as such, the bonds would not be available to be sold or traded. Accordingly, the Organization would not be considered to be a conduit debt obligor.

Christel DeHaan, President and Founder

Joe Schneider, Senior Vice President and
Chief Financial Officer
